Saturday, February 20, 8:30 a.m. to 3 p.m.

This one-day workshop provides the tips, tricks and techniques to digitally document your artwork like a pro. In our photo studio, you learn how to feature your work through photography. Training in our Mac Pro lab provides an understanding of basic photo-correcting techniques. At the end of the day, you leave with a disk that provides a digital inventory of 10 pieces of artwork and, most importantly, a working knowledge of how to document your work for a professional portfolio. Lunch will be provided. Fee: \$55 for the day.
